Ten Cents a Week

RUSO-GERMAN PARLEYS SEEM TO BE AT END

Russia Must Give Up Courland and All the Baltic Provinces to the Teutons

Or Prepare to Carry on a War of Defense.

Unusual Activity on the Western Front Believed to Portend Operations of Great Magnitude for the Winter Months.

News of Austria's Peace Demands Known in Germany.

Hertling to Address Reichstag on Momentous Conditions.

By Associated Press Dispatch.

Russia must give up Courland and all the Baltic provinces or the Germans will resume military operations and occupy Reval within a week, the German delegation at the peace negotiations informed the Russian representatives at the last session of the conference, a Petrograd dispatch today says.

In this move Germany, under the control of the military party, has thrown down the gauntlet to Russia and defined a Russian frontier line beyond which the Russians must not claim further influence, according to Petrograd advices.

The Russian negotiators have been told the real German terms the dispatches state.

The Germans declared, it is reported, that a line taking in the Baltic territory represents the limit of the field within which the Germans are willing to negotiate with Russia.

As a base to the Ukrainians the Austrians are reported to be offering to cede them what appears to be a corner of Russian Poland in case the Ukraine consent to send food stuff to the Central Powers immediately on the conclusion of peace.

The recent success of the French at Monta Tomba on the northern Italian front has resulted in the withdrawal of the Austro-German positions behind Monta Tomba to Monta Spinocchia.

Adjournment was taken until January 29th, to permit the Russians to consider the German terms. The Germans are reported to have said it was the last postponement unto which they would consent.

The report of the session indicates the Germans took a definite stand and most frankly outlined the demands upon which they are insistent.

Resumption of unusual activity for winter months on the western front in France and Belgium and on the Italian front are taken to indicate that developments of magnitude are in immediate prospect.

According to a dispatch from London today news dispatches from Switzerland and Holland give the impression that the internal situation in Germany is one of discontent among the masses.

News of the Austrian peace demands appears to be generally known in Germany. It is in such an atmosphere, if reports are accurate, that Chancellor Von Hertling meets the Reichstag to speak to his own country and to the world.

MOSCOW RIOTS

(Associated Press Cable)

Petrograd, January 24.—Forty persons were killed and 200 were wounded in riots at Moscow Tuesday, during a demonstration at the anniversary celebration of "Bloody Sunday."

FRENCH CHILDREN CHEER "SAMMIES" ON WAY TO FRONT

CHILDREN WELCOME 'SAMMIES' ©Committee on Public Information Supplied by I.F.P.S.

A motor truck, carrying American "Sammies" to the front, is stopped by French kiddies, who are offering flowers to the boys. The "Sammies" are very popular in France; and often when it is known that American troops are to pass through a village a holiday is declared, and the troopers receive all kinds of goodies to cheer them on their way.

OWASCO AMERICAN SHIP SUNK

Reported Two Members of the Crew Perished.

By Associated Press Dispatch.

An Atlantic Port, January 24.—The American steamship Owasco, formerly a German steamer seized when the United States entered the war, was sunk by a submarine during the early part of December while in Mediterranean waters near the Spanish coast according to survivors of the ship arriving here today. It was said that two members of the crew perished.

"IMPURITIES" ARE FOUND IN CANDY FOR U. S. SAILORS

Navy Department Does Not Specify What the Impurities were, but Is Making Vigorous Investigation.

By Associated Press Dispatch.

Washington, January 24.—Discoveries of "impurities" in candy supplied to canteens of navy ships today caused the issuance of an order suspending the sale of candy to the men and also the purchases of additional supplies pending investigation.

Naval department officials were careful not to say what the "impurities" were but the announcement of the order cause a recurrence of the report that powdered glass had been discovered. There was no confirmation of this.

BRYAN SUPPORTS THE PRESIDENT

By Associated Press Dispatch.

Columbus, O., January 24.—Col. W. J. Bryan came to the support of President Wilson today when he gave out a formal statement declaring that he believed a minister of munitions is unnecessary.

BLISS ARRIVES

(Associated Press Cable)

Paris, January 24. — General Tasker Bliss, United States army, has arrived in France with his staff.

WEST FRONT CONDITIONS ARE SERIOUS

(Associated Press Cable)

London, January 24.—The situation on the western front is now critical, in the opinion of Colonel Repington, one of England's most foremost military critics.

MUST CLOSE

By Associated Press Dispatch.

Columbus, O., January 24. — The state Fuel Administrator today issued an order providing all saloons in Ohio must close on the remaining nine heatless Mondays.

In Cleveland the local boards ruled that saloons were places of amusement and should close Tuesdays instead of Mondays. A request was made today that all drug stores in Ohio close at nine o'clock every night.

HIDE HOARDING IS CHARGE MADE

By Associated Press Dispatch.

Washington, January 24. — Hoarding of hides by meat packers while shoe prices have climbed upward is charged in a report by the Federal Trade Commission today to Congress.

MANUFACTURE OF MOONSHINE ON INCREASE

Quantities Made and Sold in Dry States to Soldiers, Government Finds.

By Associated Press Dispatch.

Washington, January 24. — Discovery that manufacture of moonshine whiskey is rapidly increasing in "bone dry" states and that quantities have been sold illicitly to soldiers in southern camps caused the Internal Revenue Commissioner to announce today a nation-wide campaign against illegal distillation in co-operation with state governors.

Traffic in "mountain dew" is reported from Florida, Alabama and other southern states.

HELD STRICTLY TO LAW OF EMERGENCY

By Associated Press Dispatch.

Washington, January 24.—The administration railroad bill has been modified to stipulate that federal operation is undertaken as a war emergency measure and shall not prejudice the future policy of the government toward ownership of the roads.

No specific time is fixed for turning the roads back to private owners.

NOON CLOSING OF ALL STORES

By Associated Press Dispatch.

Columbus, O., January 24.—State Food Administrator Croxton today issued an order providing that all stores selling food, including groceries and meat markets, must close at noon on the following nine heatless Mondays.

DEBATES GROW IN INTENSITY OF FEELING

"If the Administration Wanted to be Fair," He Shouted,

"Why Didn't the Secretary of War Let the People Know?"

By Associated Press Dispatch.

Washington, January 24.—Standing firmly by his charge that America's military establishment is enmeshed in inefficiency, Senator Chamberlain, chairman of the military committee, replied in the Senate today to President Wilson's denunciation of his recent New York speech by repeating the statement which drew the President's fire, and declaring that the President himself does not know the truth.

Senator Chamberlain declared he would show that the death of hundreds and thousands of men at cantonments and camps were due to the War Department and "that in all epidemics that could have been prevented if the War Department had been effective."

"If the Administration had wanted to be fair to the American people," he shouted, "why didn't the distinguished Secretary of War, and I have the highest regard for him, let the people know so that they could assist in getting ready for this terrible calamity that confronts not only America, but the whole world?"

Senator Chamberlain charged that the ordnance bureau failed in 1916 to prepare for war when it seemed certain.

READS WILSON LETTER.

Senator Chamberlain read to the Senate a letter received from President Wilson opposing the creation of a minister of munitions.

He said he did this to counteract the President's charge that he had not been consulted regarding proposed legislation to be offered in Congress.

Appropriations for jigs and dies to make ordnance, he said, had not been used. "I am not blaming anyone in particular," he continued. "I have a high regard for General Crozier, but we haven't been able to do what England, France and other allies have done and that is to retrain these gentlemen who have not proved themselves up to the mark."

DISMISS IN DISGRACE.

"We ought to dismiss them in disgrace, but in other countries they have gone into harmless disuse. This is not a question between the President and myself, it is a question of America and every man ought to make it his whole purpose to see that America is saved."

"Germany knows more about America today than the men connected with the Department," Senator Chamberlain declared.

"England and France," he said, "saw the mistake of having artillerymen control the ordnance department. You must go to men who have done these things to get results, and Congress should face this without fear of any man but with due regard for the commander-in-chief."

"The commander at Camp Sherman told him there was a shortage of 7-

TELL AMERICAN WOMEN TO BE BRAVE

MRS. & MRS. HAROLD PEAT.

(AP Photo)

Private Harold Peat, famous soldier writer and lecturer, and Mrs. Peat, photographed in Boston where Private Peat is telling of his experience in one hundred engagements with the Huns. Mrs. Peat is also telling of the part played by the British in the war. "We learned courage as our men went, and we forgot our sorrow in their departure in the pride we felt in them. The message of the women of Britain to the women of America is to keep brave hearts, and laugh as often and as much as they can. This is a terrible war, but out of it will come a better world for humanity everywhere."

000 overcoats there. He referred that statement to Secretary Baker.

"IN COURSE OF"

Senator Chamberlain then read from a letter from Secretary Baker saying a later report showed 7,000 overcoats were needed at Camp Sherman but that they were in course of shipment.

"That's the way ever since the war started, 'in course' but not getting there," he shouted.

After speaking nearly three hours Senator Chamberlain concluded. Senator Kirby of Arkansas, a Democrat, took up the reply.

MAN CHOSEN TO DISTRIBUTE COAL SUPPLY

General Secretary of The Coal Association Will "Route" Coal Cars.

By Associated Press Dispatch.

Washington, January 24.—J. D.

A Morrow, general secretary of the National Coal Association, was today placed by the Fuel Administration in general charge of distribution of coal. He will have charge of the routing and distribution of all coal from the mines to the consuming centers.

IMPROVING

By Associated Press Dispatch.

Washington, January 24.—Optimistic reports today said congestion on eastern railroads promised to be cleared to a huge extent soon by the general freight embargo if the weather is good.

MAY LIMIT FLOUR SALES

Step May be Taken to Create a Large Surplus of Flour for Shipment to Allies.

Regulation Would Involve the Whole Line from Mill to Consumer.

By Associated Press Dispatch.

Washington, January 24.—To create a large export surplus of flour for the allies, the Food Administration is considering a plan of forced reduction in flour sales, all the way from the miller to the consumer.

Millers, wholesalers, retailers and bakers probably will be required to hold their sales of flour down to 75 percent of the amount now handled.

NEED MILLIONS

As the allies are demanding from 75,000,000 to 100,000,000 more bushels of wheat, the Food Administration has arranged to take over 30 percent of America's flour production, out of which will be selected supplies for export.

SEARCH FOR LOST MINERS

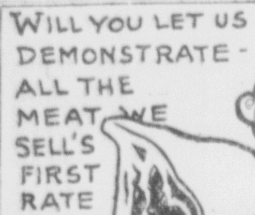

By Associated Press Dispatch.

Halifax, N. S., January 24.—Rescue parties today searched the lower levels of the Acadia Coal mines at Stellarton, for survivors of the explosion last night. There were 98 men in the mine of whom 9 escaped.

SOME INCREASE

(Associated Press Correspondence)

Milan, January 15.—Household expenses have increased 105 per cent here since 1912 and clothing 140 per cent, according to figures published by the municipal authorities.

ALL WE ASK IS THAT YOU GIVE US THE CHANCE

to demonstrate to the critical appetites of your family the quality and flavor of the meats we are selling. You will realize that we handle nothing but first grade goods. Your confidence in this market can never be misplaced.

APPRECIATION IS EXTENDED BY THE LOCAL RED CROSS

Fayette County War Work Council Thanked By The Red Cross Chapter for Praiseworthy Work Done in Membership Campaign

The local chapter of the Red Cross today extended appreciation for the great work done by the Fayette County War Work Council in putting the Christmas membership campaign "over the top" in such commendable manner.

In the same letter, the Red Cross officials pledge the careful expenditure of the funds coming into their hands through the work of the War Work Council and the generosity of the citizenship of the county. The letter, addressed to Chairman Daugherty, says:

Washington C. H., Ohio.

January 24, 1918.

Mr. M. S. Daugherty, Chairman,
Fayette County War Work Council.

Washington C. H., Ohio.

Dear Sir:—

We gratefully acknowledge receipt of your check for \$6782.98 covering the work done for the Red Cross Christmas Campaign.

The Fayette County Red Cross Chapter deeply appreciates the splendid results obtained. About one-half of the above amount will be forwarded to the Red Cross Headquarters for general work, and the remainder held here to purchase materials for the work which our noble women are so loyally performing throughout the county.

You have our assurance that the money will be most carefully handled, and expended in accordance with instructions from the American Red Cross Headquarters at Cleveland, Ohio.

Sincerely yours,

T. H. CRAIG,

Chairman.

H. R. RODECKER,

Secretary.

Double the Supply of Poultry and Eggs in the United States and Increase the Amount of Available Food 1,500,000 Tons

One hundred hens and several hundred chickens on the average farm, rightly managed, can get nearly all their living in spring, summer and fall "from the land." In feeding themselves they will utilize nearly all the waste grain, and consume great quantities of weeds, weed seeds and destructive insects.

One hundred hens and a few hundred chicks can turn a lot

of farm waste into good food. Incidentally the poultry will leave on the land valuable fertilizer at the rate of two or three tons for every hundred birds.

One hundred hens on every farm, and one hundred eggs from every hen, mean more poultry and eggs for consumption on the farm, more to sell, more to substitute for red meat, and more power to our arms and the allies.

For Information How to Help Your Farm and Help the Nation by Raising More Poultry

U. S. Dep't. of Agriculture
Washington, D. C.

ROADS BLOCKED AND AUTOMOBILE GEARS ARE BADLY DAMAGED

Whether or not an automobile owner can obtain damages resulting from unnecessarily snow-blocked roads may be tested out in the near future by one or more of a number of persons who recently have torn the gears from their autos by endeavoring to negotiate the neglected roads.

Wednesday of this week while on his way to Bloomingburg for a funeral, Undertaker E. A. Klever's funeral car stuck on one of the Union township roads, and in endeavoring to extricate the car and continue his way into Bloomingburg, the gears of the car were ruined, necessitating heavy expense to replace them.

Another instance was that of a large Chalmers car from the Cline Garage which suffered in similar manner on one of the locked roads.

Several other instances have come to light, in which similar damage was incurred through the apparent negligence of officials in not opening the roadway.

DIAMOND JUBILEE FUND OF O. W. U. STILL SHORT

Delaware, O., January 24. — Ohio Wesleyan needs \$140,000 to complete her diamond jubilee Million. This amount must be raised by May 1. The Rockefeller Foundation has promised \$150,000 to the big fund and already \$310,000 has been raised in conjunction with other Ohio Colleges. The University has received over \$200,000 in annuities towards the goal.

This immense fund will be used for new buildings and increased endowment. Ohio Wesleyan is facing a period of expansion in all directions and is preparing to meet the needs of such growth. Indications are that the largest class of Freshmen ever entering will be on hand at the beginning of school next fall.

FRENCH CLASS TONIGHT

Prof. Leopold Cardon, comes down from Ohio State University tonight to instruct the French Class in their first lesson. The class has an enrollment of thirty-five members.

The meeting is at seven-thirty at the Y. M. C. A.

FRED B. PETERSON

Director of Bureau of Imports of War Trade Board.

FORMAL SERVICES OF INSTALLATION OCCUR THIS EVENING

Rev. D. H. Rejy will be installed tonight, as the pastor of the McNair Memorial Presbyterian Church by the Presbytery of Chillicothe.

The Installation Services will begin in that church at 7 o'clock p. m. The Rev. J. L. McWilliams, of Wilmington will preside, propound the constitutional questions and preach the sermon.

The Rev. T. C. Kerr, of Blooming-

burg will deliver the charge to people, and Rev. William Boynton Gage the charge to minister.

There will be special music by the choir. A cordial invitation and welcome to all who would like to attend this special and sacred service.

Don't "Hate."

We must guard against the growth of a feeling of hatred against our enemies. That's pretty hard to do in war times, especially a war like this one in which Germany has disregarded and set at defiance all treaties, all established international law and trampled roughly under foot every principle of humanity.

That awful outrages against the French and Belgian people, the ruthless slaughter of men, women and children—non-combatants, on land and sea and by airplanes, makes it difficult for justly enraged humanity to throttle a feeling of hatred. We must try.

Because the United States is fighting against hatred, against that wrong mental attitude which makes the German believe that he hates all other people, a mental attitude, which has been taught by the war lords so successfully that they are able to get millions of people to leave their business, their work, their homes and their families and go forth on a mission of murder against all mankind.

But for that wrong feeling toward their fellow men the few war lords would be unable to bring all this woe upon Germany.

We are fighting this war with the determination to make it the last war, and the last war will not be fought until men learn not to "hate" their neighbors.

When the war is ended, the allies successful, harboring "hate" no matter how much justification there may be for its existence, cannot look forward to an enduring peace.

Hate always has been the cause of war—hate taught by the ambitious of war lords.

It is the same today as in the centuries past.

Try not to hate. Be just, be firm, be unflinching in the execution of our great mission, but be above hating.

Keep Your Liberty Bond

The Liberty Bond is a government bond—as good a bond as the government has ever issued. Just as safe. Just as reliable.

Don't forget this. Nor that in all its history the government has never defaulted one of its bonds. There is no better security on earth. It is as good as a greenback, so far as its safety is concerned.

It pays you four per cent interest annually, just as much as you can get for your greenback at any savings bank. And its face value will never shrink.

There have been times when government bonds went below par, just as in recent months Liberty Bonds have sold below par. But there was never any valid reason why they should have done so and they never stayed there so very long at a time.

Since the war of 1812 there has never been an issue of United States bonds that failed to go above par. Some dropped below for a time but they always rose again.

Five per cent bonds due in 1865 sold at \$127 in 1863. Six per cent bonds due in 1881 sold at \$123 in 1873. Four per cent bonds due in 1907 sold at \$130 in 1889. Another four per cent issue due in 1925 sold at \$139 in 1901.

Two per cent bonds due in 1930 went to \$109.

And the day is coming when these Liberty Bonds will sell above par. Where the Government bonds went below par there was always just one reason. Some one needed money quickly. In order to get it bonds were offered on the market for what ever price they would bring. This happened usually in tight money periods. With normal conditions they went back to normal values.

Loss is impossible upon a government bond investment. Back of these bonds is all the wealth of the nation. Every dollar of this wealth can be taxed by the Government for the redemption of its bonds.

So long as there is a United States its bonds will be the best investment on earth. No other country is so rich no other has such security back of its bonds.

Don't sell your Liberty Bonds. Keep them. You will be rewarded by having the price equal and exceed what you paid for them.

Another important fact is that if the Liberty Bond is better than any other property—your farm, your store, your factory, everything even the money in your pocket depends, for its value on the government bonds.

If they are not good no property is good. They are the safest and best investment.

Poetry For Today

SOME DAY
Some day we'll be happy—when the weather's always fair,
Some day we'll be happy—when there isn't any care,
Some day we'll be happy—when our many troubles cease,
Some day we'll be happy—when the warring world's at peace,
Some day we'll be happy—when it's always fall and spring,
Some day we'll be happy—when the robins always sing,
Some day we'll be happy—when no blizzards ever blow,
Some day we'll be happy—when there isn't any snow,
Some day we'll be happy—when the world is always sweet,
Some day we'll be happy—when there is always lots to eat,
Some day we'll be happy—when there is always sunny sky,
Some day we'll be happy—when there is no wet and dry,
Some day we'll be happy—when there is always lots of money,
Some day we'll be happy—when there is always cake and honey,
Some day we'll be happy—when there is always lots of coal,
Some day we'll be happy—when our forces reach their goal.
—Baltimore Sun.

WASTE NOT—WANT NOT

Do You Know Corn Meal

Its use means service to your country, nourishing food to you. Try corn bread and see how good it can be. There are many kinds. You will wonder why you didn't use it every day before the war. It is very nourishing, too. A cup of corn meal gives more fuel to your body than a cup of wheat flour. Here is a quick kind of corn bread:

Corn Dodger

2 cups corn meal, 1 teaspoon salt, 2 teaspoons fat, 1 3/4 cups boiling water. Pour the boiling water over the other materials. Beat well. When cool, form into thin cakes and bake 30 minutes in a hot oven. Makes 14 biscuits. These crisp little biscuits are good with butter or gravy. Eat them with your meats and vegetables.

Corn Bread

NO. 1.—2 cups corn meal, 2 cups sweet milk (whole or skim), 4 teaspoons baking powder, 1 tablespoon sugar, 2 tablespoons fat, 1 teaspoon salt, 1 egg (may be omitted).
NO. 2.—2 cups corn meal, 2 cups sour milk, 1 teaspoon soda, 1 tablespoon sugar, 2 tablespoons fat, 1 teaspoon salt, 1 egg (may be omitted).
Mix dry ingredients. Add milk, well beaten egg and melt fat. Beat well. Bake in shallow pan for 30 minutes.
We have both the Washington Milling Company's and Lloyd's fresh ground meal in three and a half pound bags at.....18 cts. the bag

Barnett's Grocery

TRAIN IN DRIFT

Traffic on the D. T. & I. again was tied up for many hours, Thursday, when the south-bound morning train plunged into a huge snow drift in a cut near South Charleston, and stuck fast.

CHILD ADOPTED

Valeska Deane Ott, aged 2 years, was adopted by Mr. and Mrs. Charles Rinehart, Wednesday.

GROUP MEETING

The Washington Avenue Group of the M. E. Church will meet with Mrs. Walter Robinson at 7:30 Friday evening.

TROTZKY BRANDED DANGEROUS CHAP

(Associated Press Correspondence)
London, December 30.—The Spanish newspapers have just discovered that Leon Trotzky, the Russian Bolshevik leader, was under arrest in Spain for a short time in 1916. He reached Spain from France in October of that year but the police, having learned that he was a "dangerous anarchist" arrested him at Vigo, took him to Madrid and lodged him at the Central Prison from November 4 to 13, pending investigation.

Subsequently, he was released, but was requested to leave the country. He then embarked at Barcelona for the United States.

HENRY STARTS OUT

By Associated Press Dispatch.
Wilmington, O., January 24.—Sheldon S. Henry of this city, who for several years has been working for a lyceum bureau as an artist and illusionist, has been assigned to make the rounds of eleven military camps and cantonments by the entertainment committee of the National Army. His first assignment at Camp Sherman, O., recently was filled.

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.
Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).
30c and 60c jars; hospital size \$2.50

25c Each.

Is it a cough or a cold? Usually it is both—therefore, if a combination remedy is taken at once it should relieve the first distress and head off complications. Far safer to take both the cough remedy and the cold remedy at the same time than to trust to luck. It is a cold remedy you want when perhaps you need a cough remedy, and vice versa.

Mentholated Compound White Pine and Tar

Cough Syrup

This cough remedy is composed chiefly of white pine—a remarkably efficient and natural cough relief. There is nothing better that we know of.

Rexall Cold Tablets

act like quinine and gives the same specific results, except that it does not cause ears to ring nor head to buzz—nor does it upset the system, and it actually does break up a cold.

Blackmer = Tanquary

Druggists THE REXALL STORE

To Sweet Corn Growers

OF THE FAYETTE CANNING CO.

To make it a little interesting to our growers this year we are going to name a few premiums for the best average crops.

- No. 1: To the grower raising five acres and less than ten acres, with the best average yield, we will pay \$25.00.
- No. 2: To the grower raising ten acres and not over twenty acres, with the best average yield we will pay \$50.00.
- No. 3: To the grower making the best yield on 25 acres or more we will pay \$100.00.

This is a premium to be paid over and above our regular price, which is \$18.00 per ton this year. All are eligible to enter in these contests. Only one premium goes to the same party. Premiums to be awarded as soon as all parties contesting get their crop in. Ground to be measured by disinterested parties.

Ford Cars

Ford Service

A Car Load of Farm Tractors For Fayette County

These famous E-B Farm Tractors were forwarded through the freight blockade in order that Fayette County's production of food stuffs can be increased this year. The E-B Tractor has been operated most successfully on a number of Fayette County farms for years. The French government has been buying these Tractors for over two years. We are fortunate to get this allotment, which is probably all we can get before Spring plowing begins.

Social and Personal

Forty women of the Wesley Mite Society were indebted to Mrs. F. M. Stuckey, Wednesday afternoon, for hospitable entertainment at the home of her daughter, Mrs. Glenn Rodgers. The annual election of officers was held, and resulted in the following officers being chosen: Mrs. O. S. Tobin, President; Mrs. Harry Rodgers, First Vice-President; Mrs. John Markley Second Vice-President; Mrs. Lester Dodd, Secretary; Mrs. Harry Sprenger, Treasurer and Mrs. T. P. Watts Pianist.

Victrola music and a reading given by Mrs. Will Bishop were greatly enjoyed.

Potted plants added a note of cheerfulness to the spacious rooms. Tempting refreshments were served.

Announcement has just been made of the marriage in Kansas City of Mr. Frank Wiatt, son of Mr. and Mrs. Harry Wiatt of this city, and Miss Louise Markley, only daughter of Mr. and Mrs. Emer Markley of Kansas City.

The ceremony was performed on Wednesday, January the ninth by Rev. Everett C. Wright at the Methodist parsonage.

Following the ceremony an elegant wedding dinner was served at the bride's home.

Mr. Wiatt is a promising young business man, who left this city about a year ago to accept a responsible position with the Kansas City Railway Co. in the electrical laboratory.

Friends in this city are extending best wishes and look forward with interest to a future acquaintance with Mr. Wiatt's bride.

Howard Harper came home from Miami University at Oxford, Thursday to spend the semester vacation.

Mrs. L. D. Exline and Mrs. H. W. Walters, of Bloomingburg spent Thursday in Cincinnati.

Howard Gregg and Robert McFadden came home from Miami University Wednesday evening to spend the semester vacation.

Mrs. A. T. Sheppard, of New Holland was among Thursday's shopping visitors here.

Miss Jane Merit visited her sister Mrs. C. L. Moss, in Columbus this week.

Mrs. Willis Boyer, of Good Hope was a shopping visitor here Thursday.

Mrs. Fred B. Creamer is on a business trip to Lexington, Kentucky.

Mr. Albert Bachert went to Springfield Tuesday to look after business interests.

Mr. T. P. Sites has resigned at Fite's Grocery and has accepted a position at the Washington Hardware Company.

Mr. Joe C. Murphy, of Dayton, is a business visitor in the city for a couple of days.

Dr. F. E. Hall, of Springfield, and Miss Xenna Hamner, of Columbus, were guests of Mr. and Mrs. N. B. Hall, over Wednesday night.

Mrs. Ella Halloran, of Carthage, and daughter, Mrs. Will Dalton, of Middletown, have been called here by the serious illness of Mrs. Anna Deane. Miss Neile Holland, who was also called here by Mrs. Deane's illness, has returned to her home in Indianapolis.

Mrs. James Ford is spending a couple of days in Columbus to see "Miss Springtime" at the Hartman.

Mrs. Alice Moorman went to Columbus Thursday to see "Miss Springtime" at the Hartman Theater.

Misses Donna Barnett and Gertrude Miller and Jay Barnett leave tonight for Washington, D. C., to take up their new work as government stenographers.

Miss Doris McCoy of the Prairie pike is visiting Miss Louise Melvin.

Mrs. Mary Dempsey, of Columbus is visiting her daughter, Mrs. Oscar Kellhofer.

Dr. D. H. Rowe spent Wednesday in Springfield attending a meeting of the examining physicians of the various local boards of the district.

Miss Marguerite Allen of Kenton is spending the week-end with Miss Mary Craig.

Friends of Mrs. Anna Deane will regret to learn that she is seriously ill at her home on Hinde street.

Mr. W. W. Williams, of Jeffersonville, was a business visitor in the city Wednesday.

Mrs. Mary Rapp, Mrs. Hattie Briggs and Mrs. Cline were shopping visitors here Thursday.

Mrs. Jud Clark went to Urbana Thursday morning to visit her daughter, Mrs. Vernon Deale.

Lt. Harold Craig and Lt. Fred Hall were given the third degree in the Masonic lodge, Wednesday night.

Miss May Duffee is spending a few days in Cincinnati with Miss Ollie Wise, of Nashville, Tenn.

Miss Ethel Hughes of Charleston, W. Va., is the guest of Mrs. John W. Bryant.

Miss Opal Moore is expected home this evening from Miami University to spend the semester vacation with her parents Mr. and Mrs. A. L. Moore.

INSPECTOR FILES FAVORABLE REPORT ON SELECTS' LOOKS

Chillicothe, O., Jan. 24.—Unfavorable comment upon the general appearance of the selects at Camp Sherman is expressed in a memorandum by Brigadier General E. A. Helmick of the inspection general's department at Washington, who recently concluded a 10-day investigation of conditions at the camp.

The condition of the dining room, tables and the squad rooms, where the selects sleep, were praised by the general, who also advised the selects that an appreciable saving in fuel could be made by certain improvements of the stoves and ranges in use.

Commenting on the dress and appearance of the division, General Helmick states that it was unsatisfactory. He points out that the lack of uniformity in clothing detracted greatly from the otherwise military carriage of the command. Officers whose men are still wearing parts of their civilian clothes came in for severe censure by the inspector, who found upon investigation that either the company commander was at fault or the regimental supply officer had failed to inform himself as to the proper method of obtaining the necessary clothing.

Some selects were found who have been in camp two months and still lack parts of their regulation outfit, according to the general. He also states that some soldiers were found to have cut off their overcoats for no reason whatever.

Officers in charge of regiments and other organizations have been instructed to permit the wearing of knitted helmets, mufflers and wristlets furnished by the Red Cross, provided only that they are worn when climate conditions make it necessary and that at such times all men in the units be required to wear the same.

A board of medical officers has been ordered convened at the base hospital for the purpose of examining such medical officers as may be ordered to appear before it to determine their physical ability to perform their duties in the field.

ANNA HELD ILL

ANNA HELD

Anna Held, well-known actress, is seriously ill at the St. Mary's Hospital, in Milwaukee. Miss Held contracted a severe cold while playing at the Davidson Theatre, in that city, but continued to fill her roles until she collapsed a few days ago. Hospital doctors diagnosed her case as neuritis, but fear complications.

WATER FAMINE ON

(By American Press)

Pottsville, Pa., Jan. 24.—A water famine has tied up several big collieries in Pennsylvania's anthracite field. About a dozen other collieries are on the verge of a shutdown for the same reason. The scarcity of water has crippled the production of coal seriously since the severe cold weather began. Thousands of loaded coal cars still remain in railroad classification yards and on sidings. Water is a vital factor in the operation of a mine. It is used for flushing the breakers where foreign substances are removed from coal, and to generate steam. In the latter capacity it operates pumps, hoisting engines and fans. Zero weather, sheathing the mountains and valleys of the anthracite belt in ice and snow, has frozen reservoirs and also streams from which water is drawn for steam purposes.

Hundred Mines Closed.

Charleston, W. Va., Jan. 24.—For the second time since Jan. 9, idle coal mines in the Kanawha district of West Virginia have exceeded the 100 mark in number, owing to a shortage of cars. There are 114 mines closed in the district, the largest number reported since Jan. 17, when idle mines numbered 126.

OH, BOY! HERE'S SOME REAL COMEDY

By Associated Press Dispatch.

Wilmington, O., January 24.—Learning that an \$800 house awaited them at Chillicothe this afternoon, the "Oh, Boy!" musical comedy troupe which appeared here last night, prevailed upon the B. & O. to hook their baggage coach behind a B. & O. freight train and the 40 members of the troupe packed in the car and eventually reached Chillicothe by way of Midland City.

The train by way of this city was late and if the troupe had not taken prompt action, the \$800 matinee house at Chillicothe would have been lost to them.

VINOL CREATES STRENGTH

Positive—Convincing Proof

It is all very well to make claims, but can they be proven? We publish the formula of Vinol to prove the statements we make about it.

It Cod Liver and Beef Peptones, Iron and Manganese Peptones, Iron and Ammonium Citrate, Lime and Soda Glycero-phosphates, Cascarin.

Any doctor will tell you that the ingredients of Vinol as published above, combine the very elements needed to make strength.

All weak, run-down, overworked nervous men and women may prove this at our expense.

There is nothing like Vinol to restore strength and vitality to feeble old people, delicate children and all persons who need more strength.

Try it. If you are not entirely satisfied, we will return your money without question; that proves our fairness and your protection.

TO MOVE CITY OFFICES AT EARLY DATE

Radical Changes Decided Upon for Myers Building, Which Will House Mayor's Office, City Prison, Police Headquarters, Council Chambers and Other City Offices.

Definite plans have been made for the early removal of the city offices to the city building immediately south of the Engine House, and the work of preparing the old structure will be pushed rapidly as weather conditions will permit.

This has been agreed upon by Mayor Dahl, the council and the Service Director, who have gone over the structure thoroughly, and decided upon some radical changes in the building, which also will be the city prison and will have two steel cages for evil-doers in general.

Plans and specifications are now being prepared by Architect J. Howard Hicks, and the work will be done by men at day wages.

The Mayor's office and police headquarters will occupy the front portion of the first floor, and will extend back 30 feet to a brick dividing wall.

In a rear room to be formed by a new partition wall the old floor will be torn out and a concrete floor constructed. The two steel cages will be placed in this room, and other changes made in the room to make it a good "bird cage."

A stairway will be constructed leading from the rear of the Mayor's office on the north side of the building, to the second floor, cutting through the partition wall.

The second floor will be used as a council chamber and for the offices of the various city officials who require office room and equipment.

Paint and paper and new flooring and other changes will convert the

old building into a fairly presentable city building, it is believed. The changes will cost several hundred dollars, but when once made will end for a great many years to come, the moving about from place to place incurring incessant expense and confusion generally.

During the past few years since old city hall was torn down, the council chambers have been moved a number of times, and part of the time the Mayor's office and council chambers have been separated, and not at all conveniently arranged.

It is expected that the city building will be heated from the Central heating station, and electric lights, toilet facilities, and all modern conveniences installed so that it will be in keeping with the city.

It will probably require several weeks to do the work, and when this is done, the offices will be moved at once.

HARVESTING ICE

By Associated Press Dispatch.
Toledo, O., January 24.—Harvesting of a record ice crop is in progress by Toledo dealers. Along the Maumee river hundreds of tons of eighteen-inch ice are being harvested by wholesale fish dealers.

INSTITUTE MOVING FORWARD NICELY IN GOOD HOPE

The Good Hope Farmers' Institute, which opened at Wayne township hall Wednesday afternoon, is now drawing to a very successful close, and an entertainment tonight by the Ohio Quartette will bring the event to a termination.

The opening session on Wednesday was a little delayed by a late train, but the institute soon got under way and has been carried out virtually according to program since that time.

The state speakers have met all expectations in their able work, and each one of them has proved highly competent for the discussion of the various instructive topics in hand. The words of the lecturers and the discussion aroused quite a great deal of interest.

Local talent contributed greatly to the success of the various sessions. A drill and exercise by the children, at the Thursday night session, proved quite an entertaining part of the program.

The exhibits held in connection with the institute have attracted widespread attention.

The Ladies Aid Society served tempting lunches during both days of the institute.

Thursday afternoon a sled-load of Washington citizens, including County Superintendent of Schools O. S. Nelson, drove down for the afternoon session.

OBJECTING TO LIFE INSURANCE
Did You Ever Hear of a Widow Doing So?
Talk it Over with Taggart
THE LIFE INSURANCE MAN

To Our Growers—

We desire to announce the price of \$18.00 per ton on Sweet Corn delivered at our factory.

We will furnish you Stowell's Evergreen seed same as last year. We realize the fact that seed corn is much higher. However, we will exercise the same care as we have for the past 39 years in the handling of our seeds. We purchase our seed on the ear, tip and butt it ourselves, then sort it by hand, removing all the bad, inferior grains. We have done this for years with profit to the grower as well as ourselves.

We are offering a few premiums on peas and corn, the conditions governing the contest which are as follows:

PEAS

1.—To the boy 18 years or under, he to contract himself, who produces the best yield of shelled peas on one acre of ground, a 15 Jewel Elgin Gold Watch.
2.—To the best yield of shelled peas on 5 acres open to all growers, \$25.00 in gold.

CORN

1.—To the boy 18 years or under, he to contract himself, who produces the largest yield of sweet corn on one acre of ground, a 15 Jewel Elgin Gold Watch.
2.—The best yield of sweet corn on 5 acres, open to all growers, \$25.00 in gold.
3.—The best yield of sweet corn on 10 acres of ground open to all growers, \$40.00 in gold.

Prizes to be awarded after all crops are in, also to be determined by three disinterested parties who will measure the land. Contestant's crops to be delivered at the factory.

Our Field Inspector, Mr. Harry Hyer, is now taking contracts, for both peas and sweet corn. He will endeavor to see all of you. However, we have both phones; you can reach us at the office.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel, the efforts to banish it brought out these olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after-effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So destroy liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. Use one and see a box. All druggists.

A. W. DUFF, Treasurer.

ANNUAL INSTITUTE AT MILLEGEVILLE BEGINS TOMORROW

The annual Farmers' Institute will be held at Milledgeville, Friday and Saturday and citizens of the town and surrounding territory expect to reap much benefit from the various sessions.

The weather has been such that those in charge were not certain that they would hold the institute until a day or two ago, and since that time there has been considerable hurry in preparing for the event, to make the local end of the program as interesting as possible, and to arouse the interest that should be manifested in the event.

The institute is to be held in the M. P. Church and the three state lecturers are Messrs. Funk and Wagner, and Mrs. McKee.

With promises of more moderate weather, it is expected the attendance will be good at each session.

HEAVY SNOW SAVES THE WHEAT CROP

Most Fayette farmers are agreed that the heavy blanket of snow, which has been so generally distasteful during the past few weeks, has saved the wheat crop from serious damage, and has permitted the wheat to gain additional root beneath the heavy blanket.

With the low temperatures of the past two weeks, the wheat, if it had not been well protected by snow, would have been killed.

FARMERS DELAYED IN CORN HUSKING

The heavy snow and incessant cold has been a little too much for the farmers in harvesting their corn, and as a result the work of corn husking, already seriously retarded, has been still further held up so that every available day will be utilized in cribbing or marketing the corn.

Vast quantities of corn will be cribbed, while an even larger percentage than usual will be consumed in the fattening of hogs and cattle for market.

CENTRAL OHIO, CORN FARMS:—

200 A., near Woodstock, Champaign Co., in Darby Plains, improvements are good, corn land, \$120 per A.

275 A., not far from Plain City, every foot corn land, 2 sets bldgs., well fenced and tiled, \$130 per A.

205 A., 12 mile of R. R. town with all conveniences, land extra good corn soil, improvements of all kinds and in fair condition, \$125 per A.

100 A., 1 mile of Magnetic Springs, the improvements are good on this farm, fine corn land, \$150 per A.

52 A., in heart of Darby Plains, good improvements, fine young orchard, extra corn soil, \$8000.

Have over 200 farms on list, write for size wanted and will send special description. Write us, or call by phone at our expense.

E. H. HATTON & Co., Marysville, O.

CLEAN THE SNOW FROM SIDEWALKS

Just as soon as the snow and ice on the sidewalks melts sufficiently for its removal, every citizen is expected to remove promptly the snow and ice from the sidewalks in front of his place of abode, in compliance with the ordinance providing for removal of snow from the sidewalks.

The Service Department is planning to take care of the street crossings in the most frequently used streets of the city, in order to prevent discomfort and annoyance by the accumulated slush which is now expected.

STEVE KENDER CASE IS ARGUED TODAY

The case of Ohio against Steve Kender, Dayton saloonist, who was indicted for striking and wrecking the U. G. Rankin automobile on the James-town pike last fall while the former and a party of hilarious Daytonians were driving toward this city, was argued before Judge Carpenter, Thursday morning.

The defendant was represented by H. Holderman, of Dayton, while Prosecutor H. M. Rankin presented argument for the state.

The accused man is alleged to have deliberately driven his big touring car against the Rankin car, knocking it into the ditch and injuring the occupants.

CALL EXTENDED BY GREENFIELD CHURCH

The congregation of the First Presbyterian church of Greenfield has extended a call to Rev. John T. Newell, of Hamilton, Ohio, to the pastorate of the church.

Mr. Newell has filled the pulpit of the church, with the exception of a few Sundays, since Rev. Freely Rohrer left the first of October last. He has given the best of satisfaction to the members of the church and congregation and there has been a general desire expressed that he might be called to the church. He is a man of great ability, a forceful speaker, and withal a very genial gentleman.

WORMWOOD HEADS OHIO PYTHIANS

At the grand count of votes cast in the Knights of Pythias election in Ohio, completed at Marietta last night A. A. Wormwood, State Inspector of Workshops, of Fremont, was elected Grand Chancellor.

William Schuchardt, of Cincinnati; Arthur E. Kerns, Findlay, and Jacob Woehle of Columbus, were elected Supreme Lodge Representatives.

Other results were: Vice Grand Chancellor, E. W. Tidd, Stockdale; Grand Prelate, Fred Brumy, Cleveland; Grand Master of Exchequer, George Donovan, Columbus; Grand Inner Guard, Fred Hunker, Middletown; Grand Master-at-Arms, A. P. Trubey, Dover.

NEARBY TIMBER IS A LIFE SAVER

Bowersville has been without coal for some time, and only the fact that a ten acre tract of timber at the edge of the town was available for fuel, prevented widespread suffering.

No trains have reached Bowersville for over two weeks.

NOTICE

W. C. T. U. meeting Friday at 2:30 o'clock in the Federated Club rooms, Mrs. Frank Carpenter in charge of the program. Treasurer desires the payment of dues of all members in arrears. Visitors welcomed at all W. C. T. U. meetings.

H A V E R - For DRUGS

FARMERS TO PLAN FOR GREAT CROPS

The Ohio War Board Says Today:— Farmers are called upon to plan now for the 1918 drive for increased production.

Co-operation is to be the watchword of the farmers just as it has been with other industries in war times.

Co-operative buying of labor-saving machinery such as the farm tractor, methods of making this machinery work all the time and getting the maximum service out of it are problems farmers should begin now to work out.

Heretofore the farmers who owned a tractor has received about 50 days use out of it in the year, using it only for his Spring and Fall ploughing. There are many other uses to which it can be put.

The Ohio farmers are not going to be asked to work more hours a day or work any harder to help win the war but to work together.

MUST BELIEVE IT

When Well-Known Washington C. H. People Tell It So Plainly.

When public endorsement is made by a representative citizen of Washington C. H., the proof is positive. You must believe it. Read this testimony. Every sufferer of kidney backache, every man, woman or child with kidney trouble will do well to read the following:

Wm. Devany, blacksmith, 270 Temple St., Washington C. H., says: "Whenever I have had any need of a kidney medicine, I have used Doan's Kidney Pills and I know they are just as represented. About a year ago, I was troubled with an ache across my kidneys which caused me no little misery. I used Doan's Kidney Pills

MAZOLA

the vegetable oil from corn which gives the best results in general cooking—at less cost

THE housewife has found that Mazola—the pure oil from corn—is even better than the old cooking mediums for deep frying, sautéing and shortening.

And more economical.

Mazola does not transmit taste or odor from one food to another—can be used over and over again.

A recent demonstration showed that the same tinful of Mazola could be used eighteen different times for deep frying.

Since it is a vegetable oil, it enables you to save butter, lard and suet, as requested by the Food Administrator.

And next time you want an especially delicious salad dressing, try Mazola.

Mazola comes in pint, quart, half-gallon and gallon tins—buy the large sizes for greatest economy. Also ask your grocer for the free Mazola Book of Recipes, or write us direct.

Your money refunded if Mazola does not give entire satisfaction.
